

THE VEIL

A veil with detailing along the bottom and sides, like this one by **AM Faulkner**, will be sure to stand out in all of your wedding photographs, and will introduce timeless luxury and romance to your look.

THE SHOES

A high-to-low hemline means you can really show off your beautiful shoes. These heels from **Bella Belle** perfectly combine modern style with feminine, floral embellishment.

THE FLOWERS

A blushing bride is incomplete without a bouquet bursting with beautiful blooms. This bouquet by **Martha And The Meadow** features the all-time favourite – peonies – arranged with daisies, roses and lots of foliage, ticking all the boxes!

THE JEWELS

Add this diamond pendant from **Jenny Packham**'s jewellery range to finish your bridal look with a touch of class and elegance.

THE DRESS

When it comes to your wedding dress, you needn't always go for lace or heavy beading to add texture, as **Marchesa** proves here with an embossed skirt and delicately embellished bodice.
